The Board of Directors is pleased to announce the unaudited results for the six months ended 30 September 2015. The same accounting policies and methods of computation have been used as were in the last condensed unaudited financial statements.

During the period there was an increase in the number of customers to 25.10m as at 30 September 2015 up from 21.85m as at 30 September 2014. In order to support this growth, the Company continued to invest heavily in both the expansion and modernisation of its 2G, 3G, and 4G networks and in fibre layout in key metro areas.
